STAND4EU | 1ST GENERAL ASSEMBLY MEETING

European Federation for Welding, Joining And Cutting The partners took part of the General Assembly Meeting of the STAND4EU #horizoneurope project on #standardisation 🧑‍🔬 #research and 💡 #innovation in #additivemanufacturing #smartmanufacturing #welding and #circulareconomy hosted by SIEMENS.

STAND4EU | FRAUNHOFER DIRECT DIGITAL MANUFACTURING CONFERENCE (DDMC)

The 2023 Fraunhofer Direct Digital Manufacturing Conference (DDMC) was a cutting-edge forum for Additive Manufacturing discussions, with nearly 200 attendees. The event featured 55 presentations across 21 sessions, 4 keynote speeches, and representation from 19 countries.

Martin Schaeffer presented on behalf of STAND4EU in Session 4.2: Quality, with a speech titled "How to Boost the Relation between Standardisation Bodies, Research, and Industry – EU-Project STAND4EU Overview."

STAND4EU | 1ST TREND WORKSHOP

On June 7, 2023, STAND4EU presented findings from its survey and interviews during the 1st Trend Workshop. The workshop featured an engaging discussion on the barriers to standard adoption. Participants highlighted the need for companies to better align with standards, increase awareness of the appropriate standards to use, and identify responsible individuals within their organizations for the use and implementation of these standards.
